4th Annual Friends and Alumni Golf Tournament a Success

The 2021 K-State Grain Science and Industry Friends and Alumni Golf Tournament was held October 1 on a beautiful fall day in Manhattan. More than 50 students, alumni, faculty, and staff members attended the event to help raise money and support the department.

Senior U.S. Senator Jerry Moran – Kansas toured the Hal Ross Flour Mill on September 16 and was able to see the mill in operation. He is shown here with members of the K-State College of Agriculture. Pictured from left to right are: Ernie Minton, Dean; Gordon Smith, GSI Department Head; Senator Jerry Moran; Paul Blodgett, Mill Manager; Jason Watt, Buhler Instructor of Milling.

Congratulations to Ryan Lierz

Ryan Lierz successfully defended his thesis, "Process Development of Health Benefits from Corn in Pet Diets that Enhance Dog Utilization." We wish Ryan continued success in all of his future endeavors.

Industry Support

Several milling companies visited Shellenberger during the month of September to interview Milling Science and Bakery Science students for internships and full-time positions. The Department appreciates the relationship we have with the milling industry and their support of our students.

Our Mission

The mission of the Department of Grain Science and Industry is to advance the global grain and plant-based food, feed, and bioproduct industries through scholarship, research, and outreach.
